- Right to object to certain data processing: To the extent that SCI is relying upon the legal basis of legitimate interest to process your personal data, then you have the right to object to such processing, and SCI must stop such processing unless we can either demonstrate compelling legitimate grounds for the processing that override your interests, rights and freedoms or where SCI needs to process the data for the establishment, exercise or defense of legal claims. Where SCI relies upon legitimate interest as a basis for processing we believe that we can demonstrate such compelling legitimate grounds, but we will consider each case on an individual basis.
- **Information and access**: You have the right to be provided with certain information about SCI's processing of your personal data and access to that data (subject to exceptions).
- Rectification: If your personal data changes, we encourage you to inform us of the change. You have the right to require inaccurate or incomplete personal data to be updated or corrected.

data but will only further process it with your consent, for the establishment, exercise or defense of legal claims, to protect the rights of another person, or for reasons of important public interest.

Any removal of content by SCI does not ensure or guarantee complete or comprehensive removal of the content in all places. The content may have been shared

or reposted by other parties, or federal or state law may require maintenance of the content or information.

SCI is required to verify the identity of any person or entity that requests the disclosure or deletion of Personal Information. If you have a password-protected account with us, we will use our existing authentication procedures to verify your identity. For most other consumer requests, SCI will ask you to provide information that matches at least two pieces of personal information we store about you before responding to your request. If you would like to request the specific pieces of your personal information that SCI has collected, or if you would like us to delete highly sensitive information, you will need to match at least three pieces of information we store about you, and you must provide a signed declaration under penalty of perjury that you are the consumer whose personal information you are requesting.

We cannot respond to your request or provide you with Personal Information if we cannot verify your identity or authority to make the request and confirm the Personal Information relates to you. Making a verifiable consumer request does not require you to create an account with us. We will only use Personal Information provided in a verifiable consumer request to verify the requestor's identity or authority to make the request.

We may send periodic promotional emails to you. You may opt out of promotional emails by following the opt-out instructions contained in the email. If you opt out of receiving promotional emails, we may still send you emails about other services you have requested to receive from us.
