PART I. FINANCIAL INFORMATION

Item 1. Financial Statements

Basis of Presentation

In the opinion of management, the accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles ("U.S. GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management all adjustments necessary for the fair presentation of the financial position and results of operations of Saul Centers, Inc. for the interim periods have been included. All such adjustments are of a normal recurring nature. These consolidated financial statements and the accompanying notes should be read in conjunction with the audited consolidated financial statements of Saul Centers, Inc. for the year ended December 31, 2006, which are included in its Annual Report on Form 10-K. The results of operations for interim periods are not necessarily indicative of results to be expected for the year.

1. Organization, Formation and Structure

Saul Centers, Inc. (“Saul Centers”) was incorporated under the Maryland General Corporation Law on June 10, 1993. Saul Centers operates as a real estate investment trust (a “REIT”) under the Internal Revenue Code of 1986, as amended (the “Code”). Saul Centers generally will not be subject to federal income tax, provided it annually distributes at least 90% of its REIT taxable income to its stockholders and meets certain organizational and other requirements. Saul Centers has made and intends to continue to make regular quarterly distributions to its stockholders. Saul Centers, together with its wholly owned subsidiaries and the limited partnerships of which Saul Centers or one of its subsidiaries is the sole general partner, are referred to collectively as the “Company”. B. Francis Saul II serves as Chairman of the Board of Directors and Chief Executive Officer of Saul Centers.

Saul Centers was formed to continue and expand the shopping center business previously owned and conducted by the B.F. Saul Real Estate Investment Trust, the B.F. Saul Company, Chevy Chase Bank, F.S.B. and certain other affiliated entities, each of which is controlled by B. Francis Saul II and his family members (collectively, “The Saul Organization”). On August 26, 1993, members of The Saul Organization transferred to Saul Holdings Limited Partnership, a newly formed Maryland limited partnership (the “Operating Partnership”), and two newly formed subsidiary limited partnerships (the “Subsidiary Partnerships”, and collectively with the Operating Partnership, the “Partnerships”), shopping center and office properties, and the management functions related to the transferred properties. Since its formation, the Company has developed and purchased additional properties.

The following table lists the properties acquired and/or developed by the Company since December 31, 2004. All of the following properties are operating shopping centers (“Shopping Centers”).

<u>Name of Property</u>	<u>Location</u>	<u>Square Footage</u>	<u>Date of Acquisition/ Development</u>
<i>Acquisitions</i>			
Palm Springs Center	Altamonte Springs, FL	126,000	2005
Jamestown Place	Altamonte Springs, FL	96,000	2005
Seabreeze Plaza	Palm Harbor, FL	147,000	2005
Smallwood Village Center	Waldorf, MD	198,000	2006
Hunt Club Corners	Apopka, FL	101,000	2006
Orchard Park	Dunwoody, GA	88,000	2007
<i>Developments</i>			
Kentlands Place	Gaithersburg, MD	41,000	2005
Broadlands Village Phase III	Ashburn, VA	22,000	2006
Lansdowne Town Center	Leesburg, VA	188,000	2006/7

As of September 30, 2007, the Company's properties (the "Current Portfolio Properties") consisted of 43 operating shopping center properties (the "Shopping Centers"), five predominantly office operating properties (the "Office Properties") and four (non-operating) development properties.

The Company established Saul QRS, Inc., a wholly owned subsidiary of Saul Centers, to facilitate the placement of collateralized mortgage debt in September 1997. Saul QRS, Inc. was created to succeed to the interest of Saul Centers as the sole general partner of Saul Subsidiary I Limited Partnership. The remaining limited partnership interests in Saul Subsidiary I Limited Partnership and Saul Subsidiary II Limited Partnership are held by the Operating Partnership as the sole limited partner. Through this structure, the Company owns 100% of the Current Portfolio Properties.

2. Summary of Significant Accounting Policies

Nature of Operations

The Company, which conducts all of its activities through its subsidiaries, the Operating Partnership and Subsidiary Partnerships, engages in the ownership, operation, management, leasing, acquisition, renovation, expansion, development and financing of community and neighborhood shopping centers and office properties, primarily in the Washington, DC/Baltimore metropolitan area.

Because the properties are located primarily in the Washington, DC/Baltimore metropolitan area, the Company is subject to a concentration of credit risk related to these properties. A majority of the Shopping Centers are anchored by several major tenants. As of September 30, 2007, twenty-eight of the Shopping Centers were anchored by a grocery store and offer primarily day-to-day necessities and services. No single property accounted for more than 7.0% of the total gross leasable area. Only two retail tenants, Giant Food (4.6%), a tenant at nine Shopping Centers and Safeway (2.9%), a tenant at seven Shopping Centers and one office tenant, the United States Government (2.8%), a tenant at six properties, individually accounted for more than 2.5% of the Company's total revenue for the nine months ended September 30, 2007.

Principles of Consolidation

The accompanying consolidated financial statements of the Company include the accounts of Saul Centers, its subsidiaries, and the Operating Partnership and Subsidiary Partnerships which are majority owned by Saul Centers. All significant intercompany balances and transactions have been eliminated in consolidation.

Basis of Presentation

In the opinion of management, the accompanying consolidated financial statements have been prepared in accordance with U.S. GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management all adjustments necessary for the fair presentation of the financial position and results of operations of Saul Centers, Inc. for the interim periods have been included. All such adjustments are of a

normal recurring nature. These consolidated financial statements and the accompanying notes should be read in conjunction with the audited consolidated financial statements of Saul Centers, Inc. for the year ended December 31, 2006, which are included in its Annual Report on Form 10-K. The results of operations for interim periods are not necessarily indicative of results to be expected for the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Real Estate Investment Properties

The Company purchases real estate investment properties from time to time and allocates the purchase price to various components, such as land, buildings, and intangibles related to in-place leases and customer relationships in accordance with Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards ("SFAS") 141, "Business Combinations." The purchase price is allocated based on the relative fair value of each component. The fair value of buildings is determined as if the buildings were vacant upon acquisition and subsequently leased at market rental rates. As such, the determination of fair value considers the present value of all cash flows expected to be generated from the property including an initial lease up period. The Company determines the fair value of above and below market intangibles associated with in-place leases by assessing the net effective rent and remaining term of the lease relative to market terms for similar leases at acquisition. In the case of below market leases, the Company considers the remaining contractual lease period and renewal periods, taking into consideration the likelihood of the tenant exercising its renewal options. The fair value of a below market lease component is recorded as deferred income and amortized as additional lease revenue over the remaining contractual lease period and any renewal option periods included in the valuation analysis. The fair value of above market lease intangibles is recorded as a deferred asset and is amortized as a reduction of lease revenue over the remaining contractual lease term. The Company determines the fair value of at-market in-place leases considering the cost of acquiring similar leases, the foregone rents associated with the lease-up period and carrying costs associated with the lease-up period. Intangible assets associated with at-market in-place leases are amortized as additional lease expense over the remaining contractual lease term. To the extent customer relationship intangibles are present in an acquisition, the fair value of the intangibles are amortized over the life of the customer relationship.

Real estate investment properties, including properties under development and land held for future development, are reviewed for potential impairment losses quarterly or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If there is an event or change in circumstance indicating the potential for an impairment in the value of a real estate investment property, the Company's policy is to assess potential impairment in value by making a comparison of the current and projected cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying amount of

that property and estimated cash flows associated with future development expenditures. If such carrying amount is in excess of the estimated projected cash flows of the assets, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its estimated fair market value. The Company has not recognized an impairment loss on any of its real estate.

Interest, real estate taxes and other carrying costs are capitalized on projects under development and construction. Once construction is substantially completed and the assets are placed in service, their rental income, real estate tax expense, property operating expenses (consisting of payroll, repairs and maintenance, utilities, insurance and other property related expenses) and depreciation are included in current operations. Property operating expenses are charged to operations as incurred. Interest expense capitalized totaled \$2,341,000 and \$2,719,000, for the nine month periods ended September 30, 2007 and 2006, respectively. In the initial rental operations of development projects, a project is considered substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Substantially completed portions of a project are accounted for as separate projects.

Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements that extend the useful lives. In addition, we capitalize leasehold improvements when certain criteria are met, including when we supervise construction and will own the improvement. Leasehold improvements are amortized, over the shorter of the lives of the related leases or the useful life of the improvement, using the straight-line method. The depreciation component included in depreciation and amortization expense in the consolidated statements of operations, totaled \$15,906,000 and \$15,049,000, for the nine month periods ended September 30, 2007 and 2006, respectively. Repair and maintenance expense, included in property operating expenses for the nine month periods ended September 30, 2007 and 2006, was \$6,664,000 and \$5,584,000, respectively.

Deferred Leasing Costs

Certain initial direct costs incurred by the Company in negotiating and consummating a successful lease are capitalized and amortized over the initial base term of the lease. These costs total \$16,783,000 and \$18,137,000, net of accumulated amortization of \$14,030,000 and \$13,308,000, as of September 30, 2007 and December 31, 2006, respectively. Amortization expense, included in depreciation and amortization in the consolidated statements of operations, totaled \$3,570,000 and \$4,190,000, for the nine months ended September 30, 2007 and 2006, respectively. Deferred leasing costs consist of commissions paid to third party leasing agents as well as internal direct costs such as employee compensation and payroll related fringe benefits directly related to time spent performing leasing related activities for successful leases. Such activities include evaluating the prospective tenant's financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing the transaction. The carrying amount of these costs is written-off to expense if the applicable lease is terminated prior to expiration of the initial lease term.

Construction In Progress

Construction in progress includes preconstruction costs and development costs of active projects. Preconstruction costs associated with these active projects include legal, zoning and permitting costs and other project carrying costs incurred prior to the commencement of construction. Development costs include direct construction costs and indirect costs incurred subsequent to the start of construction such as architectural, engineering, construction management and carrying costs consisting of interest, real estate taxes and insurance. Construction in progress balances as of September 30, 2007 and December 31, 2006 are as follows:

Construction in Progress

<i>(Dollars in thousands)</i>	<u>September 30, 2007</u>	<u>December 31, 2006</u>
Clarendon Center	\$ 25,870	\$ 20,431
Lansdowne Town Center	3,494	19,972
Ashland Square	10,778	8,878
Ashburn Village Phase V	—	1,846
Lexington Center	2,722	2,480
Other	3,031	2,410
Total	<u>\$ 45,895</u>	<u>\$ 56,017</u>

As of September 30, 2007 and December 31, 2006, 91% and 45% of Lansdowne Town Center's leasable area had been placed in operation, respectively (approximately 173,000 and 85,000 square feet of space, respectively). The development costs related to the area in operation have been reclassified to land and buildings. The costs reported in Construction in Progress above reflect the costs incurred as of September 30, 2007 and December 31, 2006 for the remaining 9% and 55% of the project, respectively.

As of September 30, 2007, all of the Ashburn Village Phase V leasable area has been placed in operation (approximately 10,400 square feet). The development costs related to this area in operation have been classified to buildings.

Accounts Receivable, Accrued Income and Allowance for Doubtful Accounts

Accounts receivable primarily represent amounts currently due from tenants in accordance with the terms of the respective leases. Receivables are reviewed monthly and when, in the opinion of management, collection of the entire receivable is doubtful, revenue accrual is discontinued and an allowance for doubtful accounts is established. Accounts receivable in the accompanying financial statements are shown net of an allowance for doubtful accounts of \$376,000 and \$479,000, at September 30, 2007 and December 31, 2006, respectively.

In addition to amounts due currently, accounts receivable includes accrued income of \$24,666,000 and \$23,341,000, at September 30, 2007 and December 31, 2006, respectively, representing the cumulative difference between minimum rental income recognized on a

straight-line basis and contractual payments due under the terms of respective tenant leases. These amounts are presented after netting allowances of \$66,000 and \$213,000, respectively, for tenants whose rent payment history or financial condition cast doubt upon the tenant's ability to perform under its lease obligations.

Cash and Cash Equivalents

Cash and cash equivalents include short-term investments. Short-term investments are highly liquid investments that are both readily convertible to cash or so near their maturity that they present insignificant risk of changes in value arising from interest rate fluctuations. Short-term investments include money market accounts and other investments which generally mature within three months, measured from the acquisition date.

Deferred Debt Costs

Deferred debt costs consist of fees and costs incurred to obtain long-term financing, construction financing and the revolving line of credit. These fees and costs are capitalized and amortized over the terms of the respective loans or agreements, which approximates the effective interest method. Deferred debt costs totaled \$5,186,000 and \$5,328,000, and are presented net of accumulated amortization of \$5,084,000 and \$4,244,000, at September 30, 2007 and December 31, 2006, respectively.

Deferred Income

Deferred income consists of payments received from tenants prior to the time they are earned and recognized by the Company as revenue. These payments include prepayment of the following month's rent, prepayment of real estate taxes when the taxing jurisdiction has a fiscal year differing from the calendar year reimbursements specified in the lease agreement and advance payments by tenants for tenant construction work provided by the Company. In addition, deferred income includes the fair value of a below market lease component associated with acquisition properties as determined pursuant to the application of SFAS 141 "Business Combinations".

Revenue Recognition

Rental and interest income is accrued as earned except when doubt exists as to collectibility, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or scheduled rent increases, income is recognized on a straight-line basis throughout the initial term of the lease. Expense recoveries represent a portion of property operating expenses billed to tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period when the expenses are incurred. Rental income based on a tenant's revenues, known as percentage rent, is accrued when a tenant reports sales that exceed a specified breakpoint, pursuant to the terms of their respective leases.

Income Taxes

The Company made an election to be treated, and intends to continue operating so as to qualify as a REIT under the Internal Revenue Code, commencing with its taxable year ended December 31, 1993. A REIT generally will not be subject to federal income taxation on that portion of its income that qualifies as REIT taxable income to the extent that it distributes at least 90% of its REIT taxable income to stockholders and complies with certain other requirements. Therefore, no provision has been made for federal income taxes in the accompanying consolidated financial statements.

In July 2006, the FASB issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 is an interpretation of FASB Statement No. 109, "Accounting for Income Taxes," and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 requires expanded disclosure with respect to the uncertainty in income taxes and is effective as of the beginning of the 2007 reporting year. The Company has evaluated the impact that FIN 48 has on the Company's financial statements, and as of January 1, 2007, has determined that the adoption of FIN 48 did not impact its financial condition or results of operations. Further, as of September 30, 2007, the Company had no material unrecognized tax benefits. The Company recognizes penalties and interest accrued related to unrecognized tax benefits, if any, as general and administrative expense. With few exceptions, the Company is no longer subject to U.S. federal, state, and local tax examinations by tax authorities for years before 2003.

Stock Based Employee Compensation, Deferred Compensation and Stock Plan for Directors

Effective January 2003, the Company adopted the fair value method to value and account for employee stock options using the prospective transition method specified under SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure" and accounts for stock based compensation according to SFAS No. 123R. The Company had no options eligible for valuation prior to the grant of options in 2003. The fair value of options granted is determined at the time of each award using the Black-Scholes model, a widely used method for valuing stock based employee compensation, and the following assumptions:

- (1) Expected Volatility. Expected volatility is determined using the most recent trading history of the Company's common stock (month-end closing prices) corresponding to the average expected term of the options,
- (2) Average Expected Term. The options are assumed to be outstanding for a term calculated considering prior exercise history, scheduled vesting and the expiration date,
- (3) Expected Dividend Yield. This rate is a value management determines after considering the Company's current and historic dividend yield rates, the Company's yield in relation to other retail REITs and the Company's market yield at the grant date, and
- (4) Risk-free Interest Rate. This rate is based upon the market yields of US Treasury obligations with maturities corresponding to the average expected term of the options at the grant date. The Company amortizes the value of options granted, ratably over the vesting period, and includes the amounts as compensation in general and administrative expenses.

The Company established a stock option plan in 1993 (the "1993 Plan") for the purpose of attracting and retaining executive officers and other key personnel. The 1993 Plan provided

for grants of options to purchase a specified number of shares of common stock. A total of 400,000 shares were made available under the 1993 Plan. The 1993 Plan authorized the Compensation Committee of the Board of Directors to grant options at an exercise price not less than the market value of the common stock on the date the option is granted. Following a May 23, 2003 grant of shares, no additional shares remained for issuance under the 1993 Plan.

At the annual meeting of the Company's stockholders in 2004, the stockholders approved the adoption of the 2004 stock plan (the "2004 Plan") for the purpose of attracting and retaining executive officers, directors and other key personnel. The 2004 Plan provides for grants of options to purchase up to 500,000 shares of common stock as well as grants of up to 100,000 shares of common stock to directors. The 2004 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may not be less than the market value of the common stock on the date the option is granted.

Pursuant to the 2004 Plan, the Compensation Committee established a Deferred Compensation Plan for Directors for the benefit of its directors and their beneficiaries. The 2004 Plan replaced the Company's previous Deferred Compensation and Stock Plan for Directors. A director may elect to defer all or part of his or her director's fees and has the option to have the fees paid in cash, in shares of common stock or in a combination of cash and shares of common stock upon termination from the Board. If the director elects to have fees paid in stock, fees earned during a calendar quarter are aggregated and divided by the common stock's closing market price on the first trading day of the following quarter to determine the number of shares to be allocated to the director. As of September 30, 2007, 213,000 shares had been allocated to the directors pursuant to the deferred compensation plans.

The Compensation Committee has also approved an annual award of shares of the Company's common stock as additional compensation to each director serving on the Board of Directors as of the record date for the Annual Meeting of Stockholders. The shares are awarded as of each Annual Meeting of Shareholders, and their issuance may not be deferred. Each director was issued 200 shares, as of the 2007 Annual Meeting of Shareholders and for each of the years ended December 31, 2006, 2005 and 2004, respectively. The shares were valued at the closing stock price on the dates the shares were awarded and the total value is included in general and administrative expenses for the period of the award.

Minority Interests

Saul Centers is the sole general partner of the Operating Partnership, owning a 76.6% common interest as of September 30, 2007. Minority Interests in the Operating Partnership are comprised of limited partnership units owned by The Saul Organization. Minority Interests as reflected on the Balance Sheets are increased for earnings allocated to limited partnership interests, distributions reinvested in additional units and in certain situations for distributions to minority interests in excess of earnings allocated, and are decreased for limited partner distributions. Minority Interests as reflected on the Statements of Operations represent earnings allocated to limited partnership interests. Amounts distributed in excess of the limited partners' share of earnings, net of limited partner reinvestments of distributions, also increase minority interests expense in the respective period and are classified on the Statements of Operations as Distributions in excess of earnings to the extent such distributions in excess of earnings exceed the carrying amount of minority interests.

Per Share Data

Per share data is calculated in accordance with SFAS No. 128, "Earnings Per Share." Per share data for net income (basic and diluted) is computed using weighted average shares of common stock. Convertible limited partnership units and employee stock options are the Company's potentially dilutive securities. For all periods presented, the convertible limited partnership units are anti-dilutive. With the exception of the options granted in 2007, the options are dilutive because the average share price of the Company's common stock exceeds the exercise prices. The treasury stock method was used to measure the effect of the dilution.

Basic and Diluted Shares Outstanding

<i>(In thousands)</i>	<u>Quarter ended September 30,</u>		<u>Nine months ended September 30,</u>	
	<u>2007</u>	<u>2006</u>	<u>2007</u>	<u>2006</u>
Weighted average common shares outstanding-Basic	17,674	17,118	17,540	17,008
Effect of dilutive options	157	148	179	144
Weighted average common shares outstanding-Diluted	<u>17,831</u>	<u>17,266</u>	<u>17,719</u>	<u>17,152</u>

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. The reclassifications have no impact on operating results previously reported.

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. Once it has been determined that a loss is probable to occur, the estimated amount of the loss is recorded in the financial statements.

Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157 "Fair Value Measurement" ("SFAS No. 157"). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 applies to accounting pronouncements that require or permit fair value measurements, except for share-based payments under SFAS No. 123(R). The adoption of SFAS No. 157 is required for the year beginning January 1, 2008. The Company does not expect SFAS No. 157 to have a material impact on its financial statements.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115" ("SFAS No. 159"). This standard permits entities to choose to measure many financial instruments and

certain other items at fair value and is effective for the first fiscal year beginning after November 15, 2007. The Company does not expect SFAS No. 159 to have a material impact on its financial statements.

3. Real Estate Acquired

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland, a suburb of metropolitan Washington, DC. The center is 71% leased as of September 30, 2007 and was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan. The obligation assumed was treated as a non-cash acquisition in the Statement of Cash Flows. The Company has determined that the terms of the assumed mortgage did not materially differ from existing market rates and that the loan was fairly valued at acquisition.

Hunt Club Corners

On June 1, 2006, the Company completed the acquisition of the 101,500 square foot Publix-anchored Hunt Club Corners shopping center located in Apopka, FL. The center is 100% leased as of September 30, 2007 and was acquired for a purchase price of \$11.1 million.

Great Eastern Plaza Land Parcel

On June 6, 2007, the Company acquired 8.0 acres of undeveloped land adjacent to its Great Eastern Plaza shopping center in District Heights, Maryland, for a purchase price of \$1.3 million. The Company is analyzing options to expand the existing shopping center onto this parcel at some future date.

Orchard Park

On July 19, 2007, the Company completed the acquisition of the 88,000 square foot Kroger-anchored Orchard Park shopping center located in Dunwoody, GA. The center is 98% leased as of September 30, 2007 and was acquired for a purchase price of \$17.0 million.

Application of SFAS 141, "Business Combinations", for Real Estate Acquired

The Company accounted for the operating property acquisitions using the purchase method of accounting in accordance with SFAS No. 141, "Business Combinations." The Company allocates the purchase price to various components, such as land, buildings and intangibles related to in-place leases and customer relationships, if applicable, as described in Note 2.

4. Minority Interests - Holders of Convertible Limited Partner Units in the Operating Partnership

The Saul Organization has a 23.4% limited partnership interest, represented by 5,416,000 convertible limited partnership units, in the Operating Partnership, as of September 30, 2007. These convertible limited partnership units are convertible into shares of Saul Centers' common stock, at the option of the unit holder, on a one-for-one basis provided that, in accordance with

the Saul Centers, Inc. Articles of Incorporation, the rights may not be exercised at any time that The Saul Organization beneficially owns, directly or indirectly, in the aggregate more than 39.9% of the value of the outstanding common stock and preferred stock of Saul Centers (the "Equity Securities").

The Operating Partnership issued 106,157 limited partnership units pursuant to the Dividend Reinvestment and Stock Purchase Plan at a weighted average discounted price of \$37.69 per share during the nine month period ended September 30, 2006. No units were issued during the corresponding 2007 period.

The impact of The Saul Organization's 23.4% limited partnership interest in the Operating Partnership is reflected as minority interests in the accompanying consolidated financial statements. Fully converted partnership units and diluted weighted average shares outstanding for the nine months ended September 30, 2007 and 2006, were 23,135,000 and 22,539,000, respectively.

5. Mortgage Notes Payable, Revolving Credit Facility, Interest and Amortization of Deferred Debt Costs

The Company's outstanding debt totaled \$528,604,000 at September 30, 2007, all of which was fixed rate mortgage debt. No balance was outstanding on the Company's variable rate, \$150,000,000 unsecured revolving credit facility. The facility provides working capital and funds for acquisitions, certain developments and redevelopments, has a three-year term expiring on January 27, 2008 and provides for an additional one-year extension at the Company's option, subject to the Company's satisfaction of certain conditions. Letters of credit may be issued under the revolving credit facility. The facility requires monthly interest payments, if applicable, at a rate of LIBOR plus a spread of 1.40% to 1.625% (determined by certain leverage tests) or upon the bank's reference rate at the Company's option.

Loan availability under the facility is determined by operating income from the Company's existing unencumbered properties. Based upon the terms of the facility, the unencumbered properties support line availability of \$91,000,000, of which \$1,627,000 has been issued under letters of credit, leaving \$89,373,000 available for working capital uses. An additional \$59,000,000 could become available for funding working capital and operating property acquisitions as unencumbered properties' internal cash flow grows and operating income is provided by future unencumbered acquisitions.

During the second quarter of 2007, Saul Centers was released as a guarantor for a portion of one of the Partnerships' mortgage notes payable totaling \$4,500,000. The guarantee was released upon the achievement of specified leasing thresholds at a recently redeveloped property. Saul Centers is a guarantor of the revolving credit facility, of which the Operating Partnership is the borrower. The mortgage notes payable are all non-recourse debt.

On August 15, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$12,000,000, secured by Orchard Park. The loan matures September 5, 2022, requires equal monthly principal and interest payments of \$72,565, based upon a 6.08% interest rate and 30-year principal amortization, and requires a final payment of \$8,628,000 at maturity.

On May 30, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$40,000,000, secured by Lansdowne Town Center. The loan matures June 10, 2022, requires equal monthly principal and interest payments of \$230,137, based upon a 5.62% interest rate and 30-year principal amortization, and requires a final payment of \$28,177,000 at maturity.

At December 31, 2006, the Company's outstanding debt totaled \$522,443,000, of which \$487,443,000 was fixed rate mortgage debt and \$35,000,000 was variable rate debt outstanding on the Company's \$150,000,000 unsecured revolving credit facility. Based upon the terms of the facility as of December 31, 2006, the unencumbered properties supported line availability of \$87,000,000, of which \$1,627,000 was issued under a letter of credit and \$35,000,000 was borrowed, leaving \$50,373,000 available for working capital uses. An additional \$63,000,000 could become available for funding working capital and operating property acquisitions as unencumbered properties' internal cash flow grows and operating income is provided by future unencumbered acquisitions.

At September 30, 2007, the scheduled maturities of all debt, including scheduled principal amortization, for years ending December 31, were as follows:

Debt Maturity Schedule

(Dollars in thousands)

October 1 through December 31, 2007	\$ 3,881
2008	16,162
2009	17,393
2010	18,688
2011	82,315
2012	110,531
Thereafter	279,634
	<u>\$528,604</u>

Interest expense and amortization of deferred debt costs for the quarter ended September 30, 2007 and 2006, respectively were as follows:

Interest Expense and Amortization of Deferred Debt Costs

	Quarter ended September 30,		Nine mos. ended September 30,	
	2007	2006	2007	2006
<i>(Dollars in thousands)</i>				
Interest incurred	\$8,928	\$ 8,938	\$26,617	\$26,141
Amortization of deferred debt costs	286	274	840	814
Capitalized interest	(717)	(1,067)	(2,341)	(2,719)
	<u>\$8,497</u>	<u>\$ 8,145</u>	<u>\$25,116</u>	<u>\$24,236</u>

6. Stockholders' Equity and Minority Interests

The Consolidated Statement of Operations for the three months ended September 30, 2007 and September 30, 2006, includes a charge for minority interests of \$2,332,000 and \$2,007,000, respectively, and \$6,618,000 and \$5,660,000, respectively, for the nine months ended September 30, all representing The Saul Organization's limited partnership interest share of net income for each quarter and period.

7. Related Party Transactions

Chevy Chase Bank, an affiliate of The Saul Organization, leases space in 17 of the Company's properties. Total rental income from Chevy Chase Bank amounted to \$2,144,000 and \$1,575,000, for the nine months ended September 30, 2007 and 2006, respectively.

The Company utilizes Chevy Chase Bank for its various checking and short-term investment accounts. As of September 30, 2007, approximately \$6,947,000 was held in deposit in these accounts.

The Chairman and Chief Executive Officer, the President, the Senior Vice President- General Counsel and the Vice President-Chief Accounting Officer of the Company are also officers of various members of The Saul Organization and their management time is shared with The Saul Organization. Their annual compensation is fixed by the Compensation Committee of the Board of Directors, with the exception of the Vice President-Chief Accounting Officer whose share of annual compensation allocated to the Company is determined by the shared services agreement (described below).

The Company participates in a multiemployer profit sharing retirement plan with other entities within The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. Beginning January 1, 2002, only employer contributions are made to the plan. Each participant who is entitled to be credited with at least one hour of service on or after January 1, 2002, shall be 100% vested in his or her employer contribution account and no portion of such account shall be forfeitable. Employer contributions, at the discretionary amount of up to six percent of the employee's cash compensation, subject to certain limits, were \$253,000 and \$226,000, for the nine months ended September 30, 2007 and 2006, respectively. There are no past service costs associated with the plan since it is of the defined-contribution type.

The Company also participates in a multiemployer nonqualified deferred plan with entities in The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. The plan, which can be modified or discontinued at any time, requires participating employees to defer 2% of their compensation over a specified amount. The Company is required to contribute three times the amount deferred by employees. The Company's contribution totaled \$72,000 and \$55,000, for the nine months ended September 30, 2007 and 2006, respectively. All amounts deferred by employees and the Company are fully vested. The cumulative unfunded liability under this plan was \$794,000 and \$709,000 at September 30, 2007 and December 31, 2006, respectively, and is included in accounts payable, accrued expenses and other liabilities in the consolidated balance sheets.

The Company has entered into a shared services agreement (the “Agreement”) with The Saul Organization that provides for the sharing of certain personnel and ancillary functions such as computer hardware, software, and support services and certain direct and indirect administrative personnel. The method for determining the cost of the shared services is provided for in the Agreement and depending upon the service, is based upon head count, estimates of usage or estimates of time incurred, as applicable. The terms of the Agreement and the payments made thereunder are deemed reasonable by management and are reviewed annually by the Audit Committee of the Board of Directors, which consists entirely of independent directors. Billings by The Saul Organization for the Company’s share of these ancillary costs and expenses for the nine months ended September 30, 2007 and 2006, which included rental expense for the Company’s headquarters lease, totaled \$3,478,000 and \$2,941,000, respectively. The amounts are expensed when billed and are primarily reported as general and administrative expenses in these consolidated financial statements. As of September 30, 2007 and December 31, 2006, accounts payable, accrued expenses and other liabilities included \$291,000 and \$255,000, respectively, representing billings due to The Saul Organization for the Company’s share of these ancillary costs and expenses.

The Company’s corporate headquarters lease, which commenced in March 2002, is leased by a member of The Saul Organization. The 10-year lease provides for base rent escalated at 3% per year, with payment of a pro-rata share of operating expenses over a base year amount. Pursuant to the above described Agreement, the participants pay an allocation of total rental payments on a percentage proportionate to the number of employees employed by each party. The Company’s rent expense for the nine months ended September 30, 2007 and 2006 were \$651,000 and \$571,000, respectively, and are included in general and administrative expense.

On January 12, 2006, the Company agreed to final terms of a contract to purchase a 10.4 acre site in Frederick, Maryland, from a subsidiary of Chevy Chase Bank, for \$5,000,000. The Company plans to develop this property into a shopping center. The purchase price of the property was determined by the average of two independent third party appraisals which were contracted, one on behalf of the Company and one on behalf of Chevy Chase Bank. The parties anticipate closing on the transaction later in 2007.

8. Stock Option Plans

The Company has established two stock incentive plans, the 1993 plan and the 2004 plan (together, the “Plans”). Under the Plans, options were granted at an exercise price not less than the market value of the common stock on the date of grant and expire ten years from the date of grant. Officer options vest ratably over four years following the grant and are expensed straight-line over the vesting period. Director options vest immediately and are expensed as of the date of grant.

The following table summarizes the amount and activity of each grant, the total value and variables used in the computation and the amount expensed and included in general and administrative expense in the Consolidated Statements of Operations for the nine months ended September 30, 2007:

Stock options issued to officers

	Officers				Subtotal
Grant date	05/23/2003	04/26/2004	05/06/2005	04/27/2007

Future expense	—	—	—	—	—	1,309,283
Weighted average term of future expense (Officer and Director options)						3.3 yrs

The table below summarizes the option activity for the nine months ended September 30, 2007:

	Number of Shares	Wtd Avg Exercise Price/sh	Aggregate Intrinsic Value
Outstanding at January 1	430,453	\$ 29.06	
Granted	165,000	54.17	
Exercised	5,575	26.61	\$ 130,931
Expired/Forfeited	—	—	
Outstanding September 30	589,878	36.11	9,521,350
Exercisable at September 30	358,003	30.71	7,522,625

The intrinsic value presented in the table above measures the price difference between the options' exercise price and the closing share price quoted by the New York Stock Exchange as of the date of measurement. The date of exercise was the measurement date for shares exercised during the period. At September 28, 2007, the final trading day of the quarter ended September 30, 2007, the closing share price was \$51.50 and was used for the calculation of aggregate intrinsic value of options outstanding and exercisable at that date. Options having an exercise price in excess of the September 30, 2007 closing price have no intrinsic value. The weighted average remaining contractual life of the Company's exercisable and outstanding options are 6.9 and 7.6 years, respectively.

9. Commitments and Contingencies

Neither the Company nor the Current Portfolio Properties are subject to any material litigation, nor, to management's knowledge, is any material litigation currently threatened against the Company, other than routine litigation and administrative proceedings arising in the ordinary course of business. Management believes that these items, individually or in the aggregate, will not have a material adverse impact on the Company or the Current Portfolio Properties.

10. Business Segments

The Company has two reportable business segments: Shopping Centers and Office Properties. The accounting policies for the segments presented below are the same as those described in the summary of significant accounting policies (see Note 2). The Company evaluates performance based upon net operating income for properties in each segment.

<i>(Dollars in thousands)</i>	Shopping Centers	Office Properties	Corporate and Other	Consolidated Totals

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This section should be read in conjunction with the consolidated financial statements of the Company and the accompanying notes in "Item 1. Financial Statements" of this report and the more detailed information contained in our Form 10-K for the year ended December 31, 2006. Historical results and percentage relationships set forth in Item 1 and this section should not be taken as indicative of future operations of the Company. Capitalized terms used but not otherwise defined in this section, have the meanings given to them in Item 1 of this Form 10-Q.

Forward-Looking Statements

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are generally characterized by terms such as "believe", "expect" and "may".

Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, the Company's actual results could differ materially from those given in the forward-looking statements as a result of changes in factors which include among others, the following:

- risks that the Company's tenants will not pay rent;
- risks related to the Company's reliance on shopping center "anchor" tenants and other significant tenants;
- risks related to the Company's substantial relationships with members of The Saul Organization;
- risks of financing, such as increases in interest rates, restrictions imposed by the Company's debt, the Company's ability to meet existing financial covenants and the Company's ability to consummate planned and additional financings on acceptable terms;
- risks related to the Company's development activities;
- risks that the Company's growth will be limited if the Company cannot obtain additional capital;
- risks that planned and additional acquisitions or redevelopments may not be consummated, or if they are consummated, that they will not perform as expected;
- risks generally incident to the ownership of real property, including adverse changes in economic conditions, changes in the investment climate for real estate, changes in real estate taxes and other operating expenses, adverse changes in governmental rules and fiscal policies, the relative illiquidity of real estate and environmental risks;
- risks related to the Company's status as a REIT for federal income tax purposes, such as the existence of complex regulations relating to the Company's status as a REIT, the effect of future changes in REIT requirements as a result of new legislation and the adverse consequences of the failure to qualify as a REIT; and
- such other risks as described in Item 1A of our Form 10-K for the year ended December 31, 2006

General

The following discussion is based primarily on the consolidated financial statements of the Company, as of September 30, 2007 and for the three and nine month periods ended September 30, 2007.

Critical Accounting Policies

The Company's accounting policies are in conformity with U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the Company's financial statements and the reported amounts of revenue and expenses during the reporting periods. If judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied resulting in a different presentation of the financial statements. Below is a discussion of accounting policies which the Company considers critical in that they may require judgment in their application or require estimates about matters which are inherently uncertain. Additional discussion of accounting policies which the Company considers significant, including further discussion of the critical accounting policies described below, can be found in the notes to the Consolidated Financial Statements.

Real Estate Investments

Real estate investment properties are stated at historic cost basis less depreciation. Management believes that these assets have generally appreciated in value and, accordingly, the aggregate current value exceeds their aggregate net book value and also exceeds the value of the Company's liabilities as reported in these financial statements. Because these financial statements are prepared in conformity with U.S. GAAP, they do not report the current value of the Company's real estate assets. The purchase price of real estate assets acquired is allocated between land, building and in-place acquired leases based on the relative fair values of the components at the date of acquisition. Buildings are depreciated on a straight-line basis over their estimated useful lives of 35 to 50 years. Intangibles associated with acquired in-place leases are amortized over the remaining base lease terms.

If there is an event or change in circumstance that indicates an impairment in the value of a real estate investment property, the Company assesses an impairment in value by making a comparison of the current and projected operating cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying amount or projected carrying amount of that property. If such carrying amount is greater than the estimated projected cash flows, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its estimated fair market value.

When incurred, the Company capitalizes the cost of improvements that extend the useful life of property and equipment and all repair and maintenance expenditures are expensed. In addition, we capitalize leasehold improvements when certain criteria are met, including when we supervise construction and will own the improvement.

Interest, real estate taxes and other carrying costs are capitalized on projects under construction. Once construction is substantially complete and the assets are placed in service, rental income, direct operating expenses, and depreciation associated with such properties are included in current operations.

In the initial rental operations of development projects, a project is considered substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Substantially completed portions of a project are accounted for as separate projects. Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements. Leasehold improvements are amortized over the lives of the related leases using the straight-line method.

Deferred Leasing Costs

Certain initial direct costs incurred by the Company in negotiating and consummating successful leases are capitalized and amortized over the initial base term of the leases. Deferred leasing costs consist of commissions paid to third party leasing agents as well as internal direct costs such as employee compensation and payroll related fringe benefits directly related to time spent performing leasing related activities. Such activities include evaluating prospective tenants' financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing transactions.

Revenue Recognition

Rental and interest income is accrued as earned except when doubt exists as to collectibility, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or scheduled rent increases, income is recognized on a straight-line basis throughout the initial term of the lease. Expense recoveries represent a portion of property operating expenses billed to tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period when the expenses are incurred. Rental income based on a tenant's revenue, known as percentage rent, is accrued when a tenant reports sales that exceed a specified breakpoint.

Allowance for Doubtful Accounts - Current and Deferred Receivables

Accounts receivable primarily represent amounts accrued and unpaid from tenants in accordance with the terms of the respective leases, subject to the Company's revenue recognition policy. Receivables are reviewed monthly and reserves are established with a charge to current period operations when, in the opinion of management, collection of the receivable is doubtful. In addition to rents due currently, accounts receivable include amounts representing minimum rental income accrued on a straight-line basis to be paid by tenants over the remaining term of their respective leases. Reserves are established with a charge to income for tenants whose rent payment history or financial condition casts doubt upon the tenant's ability to perform under its lease obligations.

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, the Company believes the final outcome of such matters will not have a material adverse effect on the financial position or the results of operations. Once it has been determined that a loss is probable to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered probable can be difficult to determine.

Results of Operations

Quarter ended September 30, 2007 compared to quarter ended September 30, 2006

Revenue

	Quarters ended September 30,		2007 to 2006 Change	
	2007	2006	\$	%
<i>(Dollars in thousands)</i>				
Base rent	\$30,064	\$27,736	\$2,328	8.4%
Expense recoveries	6,638	5,802	836	14.4%
Percentage rent	249	326	(77)	-23.6%
Other	1,063	996	67	6.7%
Total revenue	<u>\$38,014</u>	<u>\$34,860</u>	<u>\$3,154</u>	9.0%

Total revenue increased 9.0% in the quarter ended September 30, 2007 ("2007 Quarter") compared to the corresponding prior year's quarter ("2006 Quarter"). The revenue increase for the 2007 Quarter resulted primarily from the operations of two newly developed properties and a 2007 acquisition property. The development properties (Broadlands Village III and Lansdowne Town Center) and the acquisition property (Orchard Park) together defined as the "Development and Acquisition Properties," contributed \$2,103,000 of the revenue increase. Improved operating results at the remaining properties contributed \$990,000 of the quarter over quarter revenue growth. Increased interest income provided the balance of the 2007 quarter's revenue increase (\$61,000). A discussion of the components of revenue follows.

Base rent. The increase in base rent for the 2007 Quarter versus the 2006 Quarter was primarily attributable to leases in effect at the Development and Acquisition Properties (78.2% or approximately \$1,821,000). Rental rate growth at Beacon Center and an expansion of Ashburn Village (10.8% or approximately \$252,000), provided the largest contributions to the balance of the increase.

Expense recoveries. Expense recoveries represent a portion of property operating expenses

billable to tenants, including common area maintenance, real estate taxes and other recoverable costs. The majority of the increase in expense recovery income resulted from billings to tenants for their share of increased real estate tax expense and property operating expenses throughout the core operating properties (67.6% or approximately \$565,000). The Development and Acquisition Properties contributed the balance of the increase (32.3% or approximately \$270,000).

Percentage rent. Percentage rent is rental revenue calculated on the portion of a tenant's sales revenue that exceeds a specified breakpoint. Percentage rent for the 2007 Quarter decreased due primarily to timing differences in the submission of sales reports used to calculate percentage rent by a tenant at Smallwood Village Center (58.4% or approximately \$45,000).

Other revenue. Other revenue consists primarily of parking revenue at three of the Office Properties, temporary lease rental income, payments associated with early termination of leases and interest income from the investment of cash balances. Other revenue for the 2007 Quarter increased due primarily to increased interest income from short-term investments (91.0% or approximately \$61,000).

Operating Expenses

	Quarters ended September 30,		2007 to 2006 Change	
	2007	2006	\$	%
<i>(Dollars in thousands)</i>				
Property operating expenses	\$ 4,777	\$ 4,264	\$ 513	12.0%
Provision for credit losses	65	115	(50)	-43.5%
Real estate taxes	3,558	3,129	429	13.7%
Interest expense and amortization of deferred debt	8,497	8,145	352	4.3%
Depreciation and amortization of leasing costs	6,525	6,463	62	1.0%
General and administrative	2,636	2,416	220	9.1%
Total operating expenses	<u>\$26,058</u>	<u>\$24,532</u>	<u>\$1,526</u>	6.2%

Increases in operating expenses resulted primarily from expense increases resulting from the operation of the Company's Portfolio Properties owned and operated for over a year and to a lesser extent, operating and financing expenses of the Development and Acquisition Properties.

Property operating expenses. Property operating expenses consist of repairs and maintenance, utilities, payroll, insurance and other property related expenses. Expenses required to operate the Development and Acquisition Properties (43.7% or approximately \$224,000), increased property level professional fees (27.3% or approximately \$140,000) and increased utility expense in the office portfolio (15.0% or approximately \$77,000) produced the majority of the increase.

Provision for credit losses. The provision for credit losses represents the Company's estimation that amounts previously included in income and owed by tenants may not be collectible. The amount reported in each quarter represents only three tenths of one percent (0.3%) or lower of total revenue for each quarter, an indication of the relative credit quality of the Company's tenants.

Real estate taxes. The increase in real estate taxes for the 2007 Quarter versus the 2006 Quarter was largely impacted by increased assessments at several of the Company's core DC area properties, primarily 601 Pennsylvania Avenue, Beacon Center, Countryside, Ashburn Village and The Glen (58.3% or approximately \$250,000). The Development and Acquisition Properties also contributed toward the increase (24.5% or approximately \$105,000). The balance of the increase represents an approximately 3.1% quarter over quarter increase in real estate taxes for the remainder of the Company's Current Portfolio Properties.

Interest and amortization of deferred debt. Interest expense increased in the 2007 Quarter versus the 2006 Quarter due to increased borrowing for the Development and Acquisition Properties. The increase in average outstanding borrowings of approximately \$10,400,000 resulted from financing the Development and Acquisition Properties and construction in progress (approximately \$179,000 increase in interest expense). In 2007, the Company closed on a financing for its Lansdowne Town Center development substituting long term fixed rate debt for higher rate credit line borrowings, resulting in a savings of \$162,000. Less interest was capitalized as a cost of construction and development projects during the 2007 Quarter than the 2006 Quarter (\$717,000 versus \$1,067,000, respectively, approximately \$350,000 increase in interest expense) resulting primarily from the substantial completion of construction activity at Lansdowne Town Center in 2007. Deferred debt cost amortization was \$286,000 and \$274,000, for the 2007 and 2006 Quarters, respectively (approximately \$12,000 increase).

Depreciation and amortization of deferred leasing costs. The increase in depreciation and amortization of deferred leasing costs resulted primarily from the Development and Acquisition Properties placed in service during the preceding twelve months.

General and administrative. General and administrative expenses consist of payroll, administrative and other overhead expenses. General and administrative expenses increased for the 2007 Quarter compared to the 2006 Quarter due to increased staff, non-cash option expenses and the write-off of abandoned acquisition costs.

Nine months ended September 30, 2007 compared to the nine months ended September 30, 2006

Revenue

<i>(Dollars in thousands)</i>	Nine months ended September 30,		2007 to 2006 Change	
	2007	2006	\$	%
Base rent	\$ 88,616	\$ 81,826	\$6,790	8.3%
Expense recoveries	19,518	16,722	2,796	16.7%
Percentage rent	763	924	(161)	-17.4%
Other	2,878	2,603	275	10.6%
Total revenue	<u>\$111,775</u>	<u>\$102,075</u>	<u>\$9,700</u>	9.5%

Total revenue increased 9.5% in the nine month period ended September 30, 2007 (“2007 Period”) compared to the corresponding prior year’s period (“2006 Period”). The revenue increase for the 2007 Period resulted primarily from the operations of two newly developed properties and three acquisition properties whose operating results are included in the current period but not fully in the corresponding prior year’s results. The development properties (Broadlands Village III and Lansdowne Town Center) and the acquisition properties (Smallwood Village Center, Hunt Club Corners and Orchard Park) together defined as the “Development and Acquisition Properties,” contributed \$5,176,000 of the revenue increase. Improved operating results at the remaining properties contributed \$4,391,000 of the period over period revenue growth. Increased interest income provided the balance of the 2007 period’s revenue increase (\$133,000). A discussion of the components of revenue follows.

Base rent. The increase in base rent for the 2007 Period versus the 2006 Period was primarily attributable to leases in effect at the Development and Acquisition Properties (65.7% or approximately \$4,458,000). Rental rate growth at Beacon Center, Washington Square, Van Ness Square and Thruway, and expansions of Ashburn Village and Ravenwood, substantially accounted for the balance of the increase (26.6% or approximately \$1,808,000).

Expense recoveries. Expense recoveries represent a portion of property operating expenses billable to tenants, including common area maintenance, real estate taxes and other recoverable costs. The majority of the increase in expense recovery income resulted from billings to tenants for their share of increased property operating expenses (36.0% or approximately \$1,006,000), particularly snow removal costs, and increased real estate tax expense (37.9% or approximately \$1,060,000) throughout the core operating properties. The Development and Acquisition Properties contributed the balance of the increase (26.1% or approximately \$730,000).

Percentage rent. Percentage rent is rental revenue calculated on the portion of a tenant’s sales revenue that exceeds a specified breakpoint. Percentage rent for the 2007 Period decreased due to a decline in sales reported by a tenant at one of the Shopping Centers (47.8% or approximately \$77,000) and timing differences in the submission of sales reports used to calculate percentage rent by a tenant at Smallwood Village Center (18.6% or approximately \$30,000).

Other revenue. Other revenue consists primarily of parking revenue at three of the Office Properties, temporary lease rental income, payments associated with early termination of leases and interest income from the investment of cash balances. Other revenue increased due to increased interest income from short-term investments (48.4% or approximately \$133,000), increased lease assignment fees (21.8% or approximately \$60,000) and increased parking revenue in the office portfolio (20.0% or approximately \$55,000).

Operating Expenses

	Nine months ended September 30,		2007 to 2006 Change	
	2007	2006	\$	%
<i>(Dollars in thousands)</i>				
Property operating expenses	\$13,925	\$12,195	\$1,730	14.2%
Provision for credit losses	280	302	(22)	-7.3%
Real estate taxes	10,622	9,175	1,447	15.8%
Interest expense and amortization of deferred debt	25,116	24,236	880	3.6%
Depreciation and amortization of leasing costs	19,476	19,239	237	1.2%
General and administrative	8,314	7,443	871	11.7%
Total operating expenses	<u>\$77,733</u>	<u>\$72,590</u>	<u>\$5,143</u>	<u>7.1%</u>

Increases in operating expenses resulted primarily from operating and financing the Development and Acquisition Properties and to a lesser extent, expense increases to operate the balance of Company's Current Portfolio Properties.

Property operating expenses. Property operating expenses consist of repairs and maintenance, utilities, payroll, insurance and other property related expenses. The property operating expense increase was caused by the addition of property operating expenses for the Development and Acquisition Properties (49.2% or approximately \$851,000) and increased snow removal costs due to severe winter storms experienced during the 2007 Period (27.3% or approximately \$472,000). The balance of the increase represents a 3.7% increase in property operating expenses for the remainder of the Company's Current Portfolio Properties.

Provision for credit losses. The provision for credit losses represents the Company's estimation that amounts previously included in income and owed by tenants may not be collectible. The provision for credit losses represents approximately three tenths of one percent (0.3%) of total revenue for the 2007 and 2006 Periods, an indication of the relative credit quality of the Company's tenants.

Real estate taxes. The increase in real estate taxes for the 2007 Period versus the 2006 Period was largely impacted by an increased value assessment at 601 Pennsylvania Avenue (31.9% or approximately \$462,000). The Development and Acquisition Properties also contributed toward

the increase (22.5% or approximately \$325,000). The balance of the increase represents an approximately 8.4% period over period increase in real estate taxes for the remainder of the Company's Current Portfolio Properties, particularly those properties located in the Metropolitan Washington DC area.

Interest and amortization of deferred debt. Interest expense increased in the 2007 Period versus the 2006 Period due to increased borrowing for the Development and Acquisition Properties. The increase in average outstanding borrowings of approximately \$14,000,000 (\$13,100,000 fixed rate mortgage debt and \$900,000 of variable rate line of credit borrowing) resulted from financing the Development and Acquisition Properties and construction in progress (approximately \$720,000 increase in interest expense). A 6 basis point reduction in average interest rate partially offset the impact of increased balances outstanding (approximately \$220,000 decrease in interest expense). Less interest was capitalized as a cost of construction and development projects during the 2007 Period than the 2006 Period (\$2,341,000 versus \$2,719,000, respectively, approximately \$378,000 increase in interest expense) resulting primarily from the substantial completion of construction activity at Lansdowne Town Center in 2007. Deferred debt cost amortization was \$840,000 and \$814,000, for the 2007 and 2006 Periods, respectively (approximately \$26,000 increase).

Depreciation and amortization of deferred leasing costs. The increase in depreciation and amortization of deferred leasing costs resulted primarily from the Development and Acquisition Properties placed in service during the preceding twelve months.

General and administrative. General and administrative expenses consist of payroll, administrative and other overhead expenses. General and administrative expenses increased for the 2007 Period compared to the 2006 Period, primarily due to increased payroll expenses (approximately \$514,000 or 59.0%), non-cash option expenses (approximately \$234,000 or 26.9%) and data processing expenses (approximately \$80,000 or 9.2%).

Liquidity and Capital Resources

Cash and cash equivalents were \$7,043,000 and \$7,514,000 at September 30, 2007 and 2006, respectively. The Company's cash flow is affected by its operating, investing and financing activities, as described below.

	Nine Months Ended September 30,	
	2007	2006
<i>(Dollars in thousands)</i>		
Cash provided by operating activities	\$ 53,230	\$ 47,749
Cash used by investing activities	(41,809)	(56,387)
Cash (used) provided by financing activities	(12,439)	8,145
Decrease in cash	<u>\$ (1,018)</u>	<u>\$ (493)</u>

Operating Activities

Cash provided by operating activities represents cash received primarily from rental income, plus other income, less property operating expenses, normal recurring general and administrative expenses and interest payments on debt outstanding.

Investing Activities

Cash used in investing activities includes property acquisitions, developments, redevelopments, tenant improvements and other property capital expenditures. Investing activities for 2007 primarily reflect the development and construction costs of new properties (Lansdowne Town Center, Ashburn Village V, Ashland Square and Clarendon Center), the acquisition of an operating property (Orchard Park), and the construction costs of redevelopments (Seven Corners). Investing activities for 2006 primarily reflect the development and construction costs of new properties (Lansdowne Towne Center, Broadlands Village III, Ashland Square and Clarendon Center), the acquisition of an operating property (Smallwood Village Center), and the construction costs of redevelopments (Ravenwood). Tenant improvement and property capital expenditures totaled \$5,963,000 and \$9,848,000, for the 2007 and 2006 periods, respectively.

Financing Activities

Cash used by financing activities for the period ended September 30, 2007 primarily reflects:

- the repayment of mortgage note payable borrowings totaling \$10,839,000;
- repayments of \$47,000,000 on the revolving credit facility;
- distributions to common stockholders during the period totaling \$22,693,000;
- distributions to holders of convertible limited partnership units in the Operating Partnership during the period totaling \$7,041,000;
- distributions made to preferred stockholders during the period totaling \$6,000,000; and
- payments of \$698,000 for financing costs of mortgage notes payable;

which was partially offset by:

- Proceeds of \$52,000,000 received from mortgage notes payable originated during the period;
- Proceeds of \$12,000,000 received from advances provided by the revolving credit facility during the period; and
- Proceeds of \$17,832,000 received from the issuance of common stock from the exercise of employee stock options and shares issued under the dividend reinvestment program.

Cash provided by financing activities for the period ended September 30, 2006 primarily reflects:

- Proceeds of \$27,000,000 received from advances provided by the revolving credit facility during the period;
- Proceeds of \$17,500,000 received from mortgage notes payable originated during the period;
- Proceeds of \$10,662,000 received from the issuance of common stock from the exercise of employee stock options and shares issued under the dividend reinvestment program; and
- Proceeds of \$4,001,000 received from the issuance of convertible limited partnership interests in the Operating Partnership;

which was substantially offset by:

- the repayment of borrowings on mortgage notes payable totaling \$9,868,000;
- repayments of \$6,500,000 on the revolving credit facility;
- distributions to common stockholders during the period totaling \$21,357,000;
- distributions to holders of convertible limited partnership units in the Operating Partnership during the period totaling \$6,759,000;
- distributions made to preferred stockholders during the period totaling \$6,000,000; and
- payment of \$534,000 for financing costs of new mortgage loans.

Liquidity Requirements

Short-term liquidity requirements consist primarily of normal recurring operating expenses and capital expenditures, debt service requirements (including debt service relating to additional and replacement debt), distributions to common and preferred stockholders, distributions to unit holders and amounts required for expansion and renovation of the Current Portfolio Properties and selective acquisition and development of additional properties. In order to qualify as a REIT for federal income tax purposes, the Company must distribute to its stockholders at least 90% of its “real estate investment trust taxable income,” as defined in the Internal Revenue Code. The Company expects to meet these short-term liquidity requirements (other than amounts required for additional property acquisitions and developments) through cash provided from operations and its existing line of credit. The Company anticipates that any additional property acquisitions and developments in the next 12 months will be funded with future long-term secured and unsecured debt and the public or private issuance of common or preferred equity or units, each of which may be initially funded with our existing line of credit.

Long-term liquidity requirements consisted primarily of obligations under our long-term debt and dividends paid to our preferred shareholders. The Company anticipates that long-term liquidity requirements will also include amounts required for property acquisitions and developments. The Company expects to meet long-term liquidity requirements through cash provided from operations, long-term secured and unsecured borrowings, private or public offerings of debt or equity securities and proceeds from the sales of properties. Borrowings may be at the Saul Centers, Operating Partnership or Subsidiary Partnership level, and securities offerings may include (subject to certain limitations) the issuance of additional limited partnership interests in the Operating Partnership which can be converted into shares of Saul Centers common stock. The availability and terms of any such financing will depend upon market and other conditions.

As of September 30, 2007, the scheduled maturities, including scheduled principal amortization, of all debt for years ended December 31, are as follows:

Debt Maturity Schedule

(Dollars in thousands)

October 1 through December 31, 2007	\$ 3,881
2008	16,162
2009	17,393
2010	18,688
2011	82,315
2012	110,531
Thereafter	<u>279,634</u>
	<u>\$528,604</u>

Management believes that the Company's capital resources, which at September 30, 2007 included cash balances of approximately \$7.0 million and borrowing availability of \$89.4 million on its revolving line of credit, will be sufficient to meet its liquidity needs for the foreseeable future. The Company may also borrow an additional \$59.0 million on its revolving credit line for funding working capital and operating property acquisitions as unencumbered properties' internal cash flow grows and operating income is provided by future unencumbered acquisitions.

Dividend Reinvestments

In December 1995, the Company established a Dividend Reinvestment and Stock Purchase Plan (the "Plan") to allow its common stockholders and holders of limited partnership interests an opportunity to buy additional shares of common stock by reinvesting all or a portion of their dividends or distributions. The Plan provides for investing in newly issued shares of common stock at a 3% discount from market price without payment of any brokerage commissions, service charges or other expenses. All expenses of the Plan are paid by the Company. The Company issued 363,751 and 232,509 shares under the Plan at a weighted

average discounted price of \$47.89 and \$38.33 per share, during the nine month periods ended September 30, 2007 and 2006, respectively. The Company also credited 5,618 and 6,382 shares to directors pursuant to the reinvestment of dividends specified by the Directors' Deferred Compensation Plan at a weighted average discounted price of \$47.98 and \$38.04 per share, during the nine month periods ended September 30, 2007 and 2006, respectively.

Additionally, the Operating Partnership issued 106,157 limited partnership units under a dividend reinvestment plan mirroring the Plan at a weighted average discounted price of \$37.69 per share during the nine month period ended September 30, 2006. No units were issued during the nine months ended September 30, 2007.

Capital Strategy and Financing Activity

As a general policy, the Company intends to maintain a ratio of its total debt to total asset value of 50% or less and to actively manage the Company's leverage and debt expense on an ongoing basis in order to maintain prudent coverage of fixed charges. Asset value is the aggregate fair market value of the Current Portfolio Properties and any subsequently acquired properties as reasonably determined by management by reference to the properties' aggregate cash flow. Given the Company's current debt level, it is management's belief that the ratio of the Company's debt to total asset value was below 50% as of September 30, 2007.

The organizational documents of the Company do not limit the absolute amount or percentage of indebtedness that it may incur. The Board of Directors may, from time to time, reevaluate the Company's debt capitalization policy in light of current economic conditions, relative costs of capital, market values of the Company property portfolio, opportunities for acquisition, development or expansion, and such other factors as the Board of Directors then deems relevant. The Board of Directors may modify the Company's debt capitalization policy based on such a reevaluation without shareholder approval and consequently, may increase or decrease the Company's debt to total asset ratio above or below 50% or may waive the policy for certain periods of time. The Company selectively continues to refinance or renegotiate the terms of its outstanding debt in order to achieve longer maturities, and obtain generally more favorable loan terms, whenever management determines the financing environment is favorable.

The Company maintains a \$150 million unsecured revolving credit facility. The facility is intended to provide working capital and funds for acquisitions, certain developments and redevelopments. The credit facility has a three-year term expiring January 27, 2008 and provides for an additional one-year extension at the Company's option, subject to the Company's satisfaction of certain conditions. Letters of credit may be issued under the revolving credit facility. The facility requires monthly interest payments, if applicable, at a rate of LIBOR plus a spread of 1.40% to 1.625% (determined by certain leverage tests) or upon the bank's reference rate at the Company's option. As of September 30, 2007, no borrowings were outstanding under the facility. The facility requires the Company and its subsidiaries to maintain certain financial covenants. As of September 30, 2007, the material covenants required the Company, on a consolidated basis, to:

- limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$400 million;

- limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);
- limit the amount of debt so that interest coverage will exceed 2.1 to 1 on a trailing four quarter basis; and
- limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.55 to 1.

As of September 30, 2007, the Company was in compliance with all such covenants.

On May 30, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$40,000,000, secured by Lansdowne Town Center. The loan matures June 10, 2022, requires equal monthly principal and interest payments of \$230,137, based upon a 5.62% interest rate and 30-year principal amortization, and requires a final payment of \$28,177,000 at maturity. On August 15, 2007, the Company closed on a new 15-year, fixed-rate mortgage financing in the amount of \$12,000,000, secured by Orchard Park. The loan matures September 5, 2022, requires equal monthly principal and interest payments of \$72,565, based upon a 6.08% interest rate and 30-year principal amortization, and requires a final payment of \$8,628,000 at maturity.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements that are reasonably likely to have a current or future material effect on the Company's financial condition, revenue or expenses, results of operations, liquidity, capital expenditures or capital resources.

Funds From Operations

For the quarter ended September 30, 2007, the Company reported Funds From Operations (FFO)⁽¹⁾ available to common shareholders of \$16,481,000, representing a 11.4% increase over the comparative 2006 Period's FFO available to common shareholders. For the nine month period ended September 30, 2007, the Company reported FFO available to common shareholders of \$47,518,000, representing an 11.2% increase over the comparative 2006 Period's FFO available to common shareholders. The following table presents a reconciliation from net income to FFO available to common stockholders for the periods indicated:

Funds From Operations Reconciliation

(Amounts in thousands)	Quarter ended September 30,		Nine months ended September 30,	
	2007	2006	2007	2006
Net income	\$ 9,624	\$ 8,321	\$27,424	\$23,825
Add:				
Depreciation & amortization of real property	6,525	6,463	19,476	19,239
Minority interests	2,332	2,007	6,618	5,660
FFO	18,481	16,791	53,518	48,724
Subtract:				
Preferred stock dividends	(2,000)	(2,000)	(6,000)	(6,000)
FFO available to common shareholders	\$16,481	\$14,791	\$47,518	\$42,724
Average shares & units used to compute FFO per share	23,247	22,682	23,135	22,539

- (1) The National Association of Real Estate Investment Trusts (NAREIT) developed FFO as a relative non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. FFO is defined by NAREIT as net income, computed in accordance with GAAP, plus minority interests, extraordinary items and real estate depreciation and amortization, excluding gains or losses from property sales. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is disclosed in the Company's Consolidated Statements of Cash Flows for the applicable periods. There are no material legal or functional restrictions on the use of FFO. FFO should not be considered as an alternative to net income, its most directly comparable GAAP measure, as a indicator of the Company's operating performance, or as an alternative to cash flows as a measure of liquidity. Management considers FFO a meaningful supplemental measure of operating performance because it primarily excludes the assumption that the value of the real estate assets diminishes predictably over time (i.e. depreciation), which is contrary to what we believe occurs with our assets, and because industry analysts have accepted it as a performance measure. FFO may not be comparable to similarly titled measures employed by other REITs.

Acquisitions, Redevelopments and Renovations

Management anticipates that during the coming year the Company may: i) redevelop certain of the Current Portfolio Properties, ii) develop additional freestanding outparcels or expansions within certain of the Shopping Centers, iii) acquire existing neighborhood and community shopping centers and/or office properties, and iv) develop new shopping center or office sites. Acquisition and development of properties are undertaken only after careful analysis

and review, and management's determination that such properties are expected to provide long-term earnings and cash flow growth. During the coming year, any developments, expansions or acquisitions are expected to be funded with bank borrowings from the Company's credit line, construction financing, proceeds from the operation of the Company's dividend reinvestment plan or other external capital resources available to the Company.

The Company has been selectively involved in acquisition, development, redevelopment and renovation activities. It continues to evaluate the acquisition of land parcels for retail and office development and acquisitions of operating properties for opportunities to enhance operating income and cash flow growth. The Company also continues to take advantage of redevelopment, renovation and expansion opportunities within the portfolio, as demonstrated by its recent activities at Broadlands Village, Ravenwood and Ashburn Village. The following describes the acquisition, development, redevelopment and renovation activities of the Company in 2005, 2006 and the nine months ended September 30, 2007.

Broadlands Village

The Company purchased 24 acres of undeveloped land in the Broadlands section of the Dulles Technology Corridor of Loudoun County, Virginia in April 2002. Broadlands is a 1,500 acre planned community consisting of 3,500 residences, approximately half of which are constructed and currently occupied. In October 2003, the Company completed construction of the first phase of the Broadlands Village shopping center. The 58,000 square foot Safeway supermarket opened in October 2003 with a pad building and many in-line small shops also opening in the fourth quarter of 2003. Construction of a 30,000 square foot second phase was substantially completed in 2004. The Company's total development costs of both phases, including the land acquisition, were approximately \$22 million. The center was 100% leased at September 30, 2007. During the second quarter of 2006, the Company substantially completed construction of a third phase of this development, totaling approximately 22,000 square feet of shop space and two pad site locations. Development costs for this phase totaled approximately \$7.5 million. All of the new space was leased and all tenants were in occupancy by December 31, 2006.

Ashland Square

On December 15, 2004, the Company acquired a 19.3 acre parcel of land in Dumfries, Prince William County, Virginia for a purchase price of \$6.3 million. The Company has plans to develop the parcel into a grocery-anchored neighborhood shopping center. The Company received site plan approval from Prince William County during the third quarter of 2006 to develop approximately 125,000 square feet of retail space. Approvals for an additional 35,000 square feet of commercial space are expected to be received in 2007. During the third quarter of 2006, the Company commenced site work consisting primarily of clearing, grading and site utility construction. A lease has been executed with Chevy Chase Bank which built a branch on a pad site. The bank branch opened for business October 2007. The balance of the center is being marketed to grocers and other retail businesses, with a development timetable yet to be finalized.

New Market

On March 3, 2005, the Company acquired a 7.1 acre parcel of land located in New Market, Maryland for a purchase price of \$500,000. On September 8, 2005, the Company acquired a 28.4 acre contiguous parcel for a purchase price of \$1.5 million. Together, these

parcels will accommodate a neighborhood shopping center development in excess of 120,000 square feet of leasable space. The Company has contracted to purchase one additional parcel with the intent to assemble additional acreage for further retail development near this I-70 interchange, east of Frederick, Maryland.

Lansdowne Town Center

During the first quarter of 2005, the Company received approval of a zoning submission to Loudoun County which allowed the development of a neighborhood shopping center named Lansdowne Town Center, within the Lansdowne Community in northern Virginia. On March 29, 2005, the Company finalized the acquisition of an additional 4.5 acres of land to bring the total acreage of the development parcel to 23.4 acres (including the 18.9 acres acquired in 2002). The additional purchase price was approximately \$1.0 million. In late 2006, the Company substantially completed construction of an approximately 189,000 square foot retail center. A lease was executed with Harris Teeter for a 55,000 square foot grocery store, which opened in November 2006. Project costs, upon completion of final tenant improvements, are expected to total approximately \$41.5 million. The project was 91% leased and operating as of September 30, 2007 (approximately 173,000 square feet of retail and office space). All of the retail space is in operation and the completion of second floor office space tenant improvements is expected to be substantially completed by the spring of 2008 (16,000 square feet).

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland, a suburb of metropolitan Washington, DC, through a wholly-owned subsidiary of its operating partnership. The center was 71% leased at September 30, 2007 and was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan. The Company is in the process of obtaining permits for a capital improvement project to improve access to the center, reconfigure portions of the center and upgrade the center's façade. A construction timetable has yet to be established.

Ravenwood

In June 2006, the Company substantially completed construction of a 7,380 square foot shop space expansion to the Giant anchored Ravenwood shopping center, located in Towson, Maryland. All of the new space is leased and all of the tenants were in occupancy at September 30, 2007. Development costs totaled approximately \$2.2 million.

Lexington Center

On September 29, 2005, the Company announced the resolution of a land use dispute at Lexington Mall, allowing increased flexibility in future development rights for its property. The Company and the land owner of the adjacent 16 acre site, have resolved a dispute arising from a reciprocal easement agreement governing land use between the two owners. The parties have now executed a new land use agreement which grants each other the flexibility to improve its property. The Company also reached an agreement with Dillard's to terminate its lease, without consideration exchanged by either party. The Dillard's store closed during October 2005. The departure of Dillard's now leaves the mall vacant and combined with the new land use agreement, expands potential redevelopment options. The Company has engaged land planners and architects to prepare conceptual designs for the shopping center's development and is marketing the site to prospective retailers.

Hunt Club Corners

On June 1, 2006, the Company completed the acquisition of the 101,500 square foot Publix-anchored Hunt Club Corners shopping center located in Apopka, Florida (metropolitan Orlando). The center was 100% leased at September 30, 2007 and was acquired for a purchase price of \$11.1 million.

Ashburn Village-Phase V

The Company completed construction during the fourth quarter of 2006 of a 10,000 square foot shop space expansion to the Ashburn Village shopping center located in Loudoun County, Virginia. The space was 100% leased and operating at September 30, 2007. Development costs totaled approximately \$2.2 million.

Clarendon Center

The Company owns an assemblage of land parcels (including its Clarendon and Clarendon Station operating properties) totaling approximately 1.5 acres adjacent to the Clarendon Metro Station in Arlington, Virginia. In June 2006, the Company obtained zoning approvals for a mixed-use development project to include up to approximately 50,000 square feet of retail space, 170,000 square feet of office space and 244 residential units. The Company has substantially completed construction documents. A development timetable has not yet been finalized.

Westview Village

In January 2006, the Company contracted to purchase a 10.4 acre site in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. The purchase price is \$5.0 million and the closing of this land purchase is subject to the seller's completion of certain site work. Construction documents have been completed for development of a approximately 105,000 square feet of commercial space, including 60,000 square feet of retail shop space, 15,000 square feet of retail pads and 30,000 square feet of professional office space. The Company is currently marketing the space and has executed leases for 5,003 square feet of the retail space. The Company expects to commence construction upon closing of the land acquisition, subject to certain seller closing conditions being met, anticipated later in 2007.

Great Eastern Plaza Land Parcel

On June 6, 2007, the Company acquired 8.0 acres of undeveloped land adjacent to its Great Eastern Plaza shopping center in District Heights, Maryland, for a purchase price of \$1.3 million. The Company is analyzing options to expand the existing shopping center onto this parcel at some future date.

Orchard Park

On July 19, 2007, the Company completed the acquisition of the 88,000 square foot Kroger-anchored Orchard Park shopping center located in Dunwoody, Georgia (metropolitan Atlanta). The center was 98% leased at September 30, 2007 and was acquired for a purchase price of \$17.0 million.

Portfolio Leasing Status

The following chart sets forth certain information regarding the operating portfolio for the periods ended September 30, 2007 and 2006, respectively.

As of September 30,	Total Properties		Total Square Footage		Percent Leased	
	Shopping Centers	Office	Shopping Centers	Office	Shopping Centers	Office
2007	43	5	6,792,000	1,206,000	95.2%	96.5%
2006	41	5	6,477,000	1,206,000	96.9%	97.3%

The 2007 shopping center leasing percentage decreased primarily due to the departure of a 32,000 square foot local grocery anchor at Belvedere. The 2007 office leasing percentage decreased primarily due to the departure of a 5,000 square foot tenant at Crosstown Business Center.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to certain financial market risks, the most predominant being fluctuations in interest rates. Interest rate fluctuations are monitored by management as an integral part of the Company's overall risk management program, which recognizes the unpredictability of financial markets and seeks to reduce the potentially adverse effect on the Company's results of operations. The Company does not enter into financial instruments for trading purposes.

The Company is exposed to interest rate fluctuations primarily as a result of any variable rate debt used to finance the Company's development and acquisition activities and for general corporate purposes. Interest rate fluctuations would affect the Company's annual interest expense on its variable rate debt. However, as of September 30, 2007, the Company had no variable rate indebtedness. Interest rate fluctuations will also affect the fair value of the Company's fixed rate debt instruments. As of September 30, 2007, the Company had fixed rate indebtedness totaling \$528,604,000. If interest rates on the Company's fixed rate debt instruments at September 30, 2007 had been one percent higher, the fair value of those debt instruments on that date would have decreased by approximately \$27,299,000.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in the Company's reports filed under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer,

Secretary and Treasurer, and its Vice President-Chief Accounting Officer as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of “disclosure controls and procedures” in Rule 13a-15(e) promulgated under the Exchange Act. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The Company carried out an evaluation under the supervision and with the participation of the Company’s management, including its Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Vice President-Chief Accounting Officer of the effectiveness of the design and operation of the Company’s disclosure controls and procedures as of September 30, 2007. Based on the foregoing, the Company’s Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer and its Vice President-Chief Accounting Officer concluded that the Company’s disclosure controls and procedures were effective at the reasonable assurance level as of September 30, 2007.

During the three months ended September 30, 2007, there were no changes in the Company’s internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

None

Item 1A. Risk Factors

The Company has no material updates to Item 1A. Risk Factors, as presented in the 2006 Annual Report of the Company on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

121,504 shares were acquired at a price of \$41.919 per share, by B. Francis Saul II, the Company’s Chairman of the Board and Chief Executive Officer, and various individuals and entities affiliated with Mr. Saul II, through participation in the Company’s Dividend Reinvestment and Stock Purchase Plan for the July 31, 2007 dividend distribution.

Item 3. Defaults Upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

None

Item 5. Other Information

None

Item 6. Exhibits

3. (a) First Amended and Restated Articles of Incorporation of Saul Centers, Inc. filed with the Maryland Department of Assessments and Taxation on August 23, 1994 and filed as Exhibit 3.(a) of the 1993 Annual Report of the Company on Form 10-K are hereby incorporated by reference. Articles of Amendment to the First Amended and Restated Articles of Incorporation of Saul Centers, Inc., filed with the Maryland Department of Assessments and Taxation on May 28, 2004 and filed as Exhibit 3.(a) of the June 30, 2004 Quarterly Report of the Company is hereby incorporated by reference. Articles of Amendment to the First Amended and Restated Articles of Incorporation of Saul Centers, Inc., filed with the Maryland Department of Assessments and Taxation on May 26, 2006 and filed as Exhibit 3.(a) of the Company's Current Report on Form 8-K filed May 30, 2006 is hereby incorporated by reference.
- (b) Amended and Restated Bylaws of Saul Centers, Inc. as in effect at and after August 24, 1993 and as of August 26, 1993 and filed as Exhibit 3.(b) of the 1993 Annual Report of the Company on Form 10-K are hereby incorporated by reference. CERTIFICATIONS

I, B. Francis Saul II, certify that:

- 1. I have reviewed this report on Form 10-Q of Saul Centers, Inc.;**
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;**
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;**
- 4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:**
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;**
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;**
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and**
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal period that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and**

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
- a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
